Annex 2 to the EC Type-examination Certificate

N° CE - 0041 - MD - POL - 001 - 20 - GBR

Conditions for the use of Bureau Veritas UK Limited's Certificates and Identification Number

1. Use of Bureau Veritas UK Limited Certificates and Identification Number

- 1.1. Any certificate issued remains the property at all time of Bureau Veritas UK Limited Its display or use being subject to continuing and effective compliance and implementation.
- 1.2. The Bureau Veritas UK Limited identification number (0041), shall only be used on applicable products, packaging, documentation or certificates where the Manufacturer has previously signed the appropriate declaration of conformity and the item to which it applies is in full conformity with the applicable Regulations.

2. Suspension and withdrawal of Certificates

- 2.1. Bureau Veritas UK Ltd reserves the right to suspend or withdraw certificates upon evidence of a breach of the rules for the Use of Certificates and Identification Number, or non-payment of agreed fees. Such action may result in an investigation to determine the products that have been placed on the market that are not in conformance with the Regulations.
- 2.2. Where it is identified that equipment have been put into service that does not conform to the applicable Regulations, Bureau Veritas UK Limited reserve the right to require these items of equipment to be brought into conformity or for the Bureau Veritas UK Ltd identification mark to be removed from those items. Failure to bring such equipment into conformity will result in the notification of this information to the appropriate authorities in the relevant Member States.
- 2.3. Bureau Veritas UK Limited may prescribe corrective actions to remedy the breach within a realistic time limit for implementation, normally within one month.
- 2.4. Additional Surveillance visits (at the Manufacturers expense) may be specified until such time that Bureau Veritas UK have regained confidence in the Manufacturers ability to effectively implement the appropriate systems.
- 2.5. Where corrective actions are not effectively implemented, Bureau Veritas UK Limited will withdraw approval and notify the Member States, and other Notified Bodies.
- 2.6. Manufacturers have the right of Appeal.

3. Suspension

- 3.1. Upon suspension of approval of a quality assurance system the Manufacturer shall until the matter is resolved - Cease the use of the Bureau Veritas UK's identification number, 0041 on applicable products.
- 3.2. Manufacturers have the right of appeal.

4. Termination

- 4.1. Upon termination of approval of a quality assurance system, the manufacturer shall:
 - 4.1.1. Cease the use of the BVUK identification number (0041) on applicable products.
 - 4.1.2. Cease the use of Bureau Veritas UK's name in any documentation or advertising
 - 4.1.3. Return to BVUK, all terminated certificates.
- 4.2. Manufacturers have the right of appeal.

5. Validity of the EC type-examination certificate

- 5.1. The notified body has the ongoing responsibility of ensuring that the EC type-examination certificate remains valid. It shall inform the manufacturer of any major changes which would have an implication on the validity of the certificate. The notified body shall withdraw certificates which are no longer valid.
- 5.2. The manufacturer of the machinery concerned has the ongoing responsibility of ensuring that the said machinery meets the corresponding state of the art.
- 5.3. The manufacturer shall request from the notified body the review of the validity of the EC type-examination certificate every five years. If the notified body finds that the certificate remains valid, taking into account the state of the art, it shall renew the certificate for a further five years. The manufacturer and the notified body shall retain a copy of this certificate, of the technical file and of all the relevant documents for a period of 15 years from the date of issue of the certificate.
- 5.4. In the event that the validity of the EC-type examination certificate is not renewed, the manufacturer shall cease the placing on the market of the machinery concerned.
